

The Scriptural Calendar of Almighty יהוה

Beloved ones – please allow me to share the following vital information with you, BEFORE you attempt to read and study this very important teaching.

Background

The majority of us were brought-up with religion – either via Christianity or Judaism. As an ex-charismatic pastor with an international theology degree, I thought I knew and understood the truth. Needles to say that I had to **UNlearn** MOST of what I was taught through religion (Pentecostal and Charismatic), AFTER I **laid-down my title** and **divorced religion in 2007**. **Religion has deceived all of us**, whether it was their intention or not. The majority of those we looked-up to manipulated us, controlled us, and used us for personal gain. Much of what they teach and proclaim is based on their denomination's belief system and or their adopted belief-system handed-down from generation to generation. Much of what they teach is based on **theology, ideology and personal interpretation and/or belief** (Read **Jer 23; Eze 34, Zeph 3 and Mal 2**).

After taking a sabbatical for almost 4 years, during which time I basically studied Scripture day and night, **WITHOUT the influence of religion or man**, much were revealed to me. What Scripture taught me OPPOSED what I was taught since childbirth. I had to go through a painful process of **repentance, confession and cleansing myself from the traditions and doctrines of the “Babylonian church system”**. In a sense I had to **re-discover** myself spiritually and be **re-taught** by Scripture – and Scripture ALONE! Today I **don't follow any man, church or congregation like I used to** – I follow my Hebrew Mashiach (Messiah), and I yield to my Father יהוה (YHWH's) **UNdefiled Word of truth** – guarding His commands and His alone!

This is the reason I humbly share this teaching with you – as **all of us who stand for truth and righteousness – amidst resistance, rejection, abuse and persecution, are called to be faithful witnesses of our Father's Word**. We are no longer man-pleasers or church-pleasers, but we seek to be faithful to our Father and His Word – no matter the price and/or consequences.

FIXED or CHANGED cycles?

The majority of us believe that a **day** has always comprised of **24 hours**; a **week** consists of **7 days**, and there are **4 fixed seasons** in every year. Now, **IF** a day, week and the seasons of the year **NEVER CHANGED SINCE CREATION**, **why do we believe that the months and years have changed?** Doesn't Scripture teach us that our Creator and His Word **NEVER CHANGES**? This teaching will confirm, backed by **UNdeniable and solid Scriptural evidence** that our **Creator's Calendar is and has always been operating on FIXED CYCLES/PATTERNS**.

Think about it for a moment – **does it make sense** that we as mortal humans have to **RELY on our corrupted FLESH (physical eyesight) to determine the months, years and Appointed Times (Moadim) of our Creator?** We DON'T need our flesh to determine His **days, weeks and seasons**, yet we believe that we need to visibly see a dark/concealed or crescent moon to determine His months, years and Appointed Times (Moadim). Have we considered the possibility that we will **NOT be able to visibly see a concealed or crescent moon if we have inclement weather for days on end – as we often do in many countries across the globe. Must our Creator's Calendar be placed on hold, until we can see a dark or crescent moon?**

Is our Creator in charge of His own creation and does He control it effortlessly and precisely year-in-and-out, or is our eyesight absolutely the determining factor in establishing His Calendar?

So much of what we have been taught by learned men and women over thousands of years, simply **doesn't add-up** and **leaves too much room for error and personal interpretation – resulting in varying opinions, leading to much confusion among believers.** Fact is – the Scriptural Calendar that the book of **Hanok** teaches in much detail and with **precise accuracy** does **NOT leave any room for confusion** and is **simple enough for anyone to understand and apply** – without too much trouble.

Please join me in a diligent study relating to what the book of especially **Hanok (Enoch)** and to a lesser degree **Yobelim (Jubilees)** teach regarding how the luminaries operate and are used to determine the Scriptural Calendar and Appointed Times of **אֵל**. These books **do not contradict** what the book of **Bereshith (Gen)** teaches with regards to the Scriptural Calendar. The book of **Hanok** **precisely and accurately reveals how the luminaries are used to determine the Appointed Times, giving us CLEAR UNDERSTANDING and enabling us to correctly apply the Calendar of Almighty Father אֵל Yahuah (YHUH)!**

Please NOTE

What the book of **Hanok** teaches about The Scriptural Calendar is **NOT Hanok's opinion or personal teaching**, and should **NOT be referred to as the Hanok Calendar**. It is and always has been **אֵל's calendar**, revealed through **Hanok as His faithful and trusted messenger**. It comprises **REVELATION** by our Creator through **Hanok**, just as He revealed His Torah to us through **Mosheh** as His messenger. The book of **Hanok** has **ALWAYS been part of Scripture, exposing the LIE that it cannot be deemed as part of Scripture**. See clear evidence of this below.

*Fragments of the book of **Hanok (Enoch)** were found together with fragments from 28 other First Covenant (Old Testament) books in Cave 4, Qumran region, excavated in 1952. The manuscripts date from the early 2nd century BCE to the Herodian period, and at least the book of Astronomy (quoted in this study) PREDATES the book of Dani'el. The book of **Hanok** was KNOWN BEFORE the discovery of the Dead Sea Scrolls, and is also recorded in Egyptian manuscripts and manuscripts of five component parts of **Hanok** have also come to light in Aramaic. We find several references to Hanok (Enoch) in other books of Scripture, including **Bereshith (Gen); Lukas (Luk); Ibrim (Heb) and Yahudah (Jude)** – See **Gen 5:18-24; Luk 3:37; Heb 11:5 and Jude 1:14-15**.*

It is also important to look at WHO **Hanok** really was to understand WHY **אֵל** chose Him to reveal His Calendar to us.

Let it be noted that **Hanok** was a **Prophet (Jude 1:14)**, who **walked UPRIGHTLY** before **אֵל** and was described as **a man who pleased אֵל** (**Gen 5:24** and **Heb 11:5**).

Jude 1:14 teaches that **Hanok** was the **SEVENTH from Adam**.

Is this coincidence? I believe NOT. Nothing in Scripture is mentioned without cause or meaning. Let's consider the prophetic and symbolic significance of the number 7.

Seven (Hebrew letter **zayin**), meaning **Completion and Spiritual Perfection**.

Zayin is a **weapon** in Hebrew.

The **Word of ELohim is the perfect weapon** to **demolish demonic strongholds**, for “the weapons of our warfare are not carnal” (**2Cor 10:4**).

Seven is the Scriptural **number of completion and spiritual perfection**. As such, Psalm 7 speaks of the two floods by which the earth is cleansed and brought to the **perfect order** of the Kingdom.

Seven days completes a weekly (and thus) Sabbath cycle.

In **Rev 10:7** the mystery of **ELohim** is finished when the **seventh messenger** blows his trumpet.

In **Rev 16:7** “Yes, **אֵל שָׁדָדִי** El Shaddai, true and righteous are Your judgments” when the **seven messengers** pours out bowls of **ELohim’s** (Almighty’s) wrath on the earth.

It took **seven days** to consecrate Aaron and his sons to the priesthood (**Lev 8:31-35**) before emerging from the tabernacle on the eighth day. Joshua and the Israelite army had to march around Jericho seven days (**Josh 6:15**) before the city fell.

In the **book of Yashar (Jasher)**, meaning **book of the “UPRIGHT”**, we read much about **Hanok’s walk with אֱלֹהִים (YHUH)**.

Both the books Joshua (chapter 10 verse 13) and 2Samuel (chapter 1 verses 17-18) make mention of the book of Yashar.

Yashar 3:2 And the **being of Hanok** was bound up in the **INSTRUCTION of אֱלֹהִים**, in **KNOWLEDGE** and in **UNDERSTANDING**, and he **WISELY** retired from the sons of men, and hid himself from them for many days.

In **Yashar 3 verse 3**, we read that a **Messenger of אֱלֹהִים** appeared to **Hanok** with an instruction – appear to the sons of men, in order that you may **TEACH** them the **WAY** in which they should go and the work which they must accomplish to **ENTER** in the **WAYS of ELohim**. In **verse 5** we read that **Hanok made KNOWN to men the INSTRUCTION of אֱלֹהִים**. In **verse 7** we read that **Hanok RULED over the sons of men according to the Word of ELohim**. In **verse 8** we read that The **Ruach(Spirit) of ELohim was UPON Hanok**, and he **taught all his men the WISDOM of ELohim and His WAYS**. In **verse 10** we read that **Hanok was made SOVEREIGN over 130 sovereigns and princes to TEACH them the ways of אֱלֹהִים**. In **verse 11** we read that **PEACE was UPON the EARTH** during the life of **Hanok**. In **verse 17** we read that **Hanok SEPARATED himself from the sons of man in order to SERVE אֱלֹהִים**. In **verse 20** we read that **all the sons of men were greatly afraid of Hanok because of the REVERENT AWE that remained on his appearance**, therefore no man could look at him. In **verse 23** we read that a **Messenger of אֱלֹהִים called Hanok to bring him up to the shamayim (heaven) to make him REIGN over the SONS of ELohim**. In **verses 24-25** we read that **Hanok then ASSEMBLED ALL the INHABITANTS of the EARTH**, and he **TAUGHT them WISDOM and KNOWLEDGE**, and **GAVE them RIGHTEOUS INSTRUCTION** before He left them to go up to the shamayim (heaven). In **verse 26** we read that **Hanok even REPROVED the inhabitants of the earth**, and he placed before them **LAWs and RIGHT-RULINGS** to do on earth.

See an extract from the **book of Yobelim (Jubilees)**, which teaches us something important about **Hanok’s righteousness**.

Yobelim 10:17

And in his (Noah) life on earth he excelled the children of men except Hanok because of the **righteousness**, wherein he was perfect. For Hanok's office was ordained for a testimony to the generations of the world, so that he should recount all the deeds of generation unto generation, till the Day of Judgment.

Needless to say after reading all the above that **Hanok was a MIGHTY man of **אֱלֹהִים****, who was **CHOSEN** and **SET-APART** to teach the inhabitants of the earth to follow in the ways of **ELohim**. He was a **RIGHTEOUS man** who walked **UPRIGHTLY** before **אֱלֹהִים** (as already mentioned in the books of Gen and Heb). He is the man that **אֱלֹהִים** chose to TEACH us His Calendar, yet the majority of learned ones in Torah overlook His **RIGHTEOUS TEACHINGS and INSTRUCTION**.

We **should not have to rely on “man”, contradicting opinions, varying interpretations and our flesh (sight)** to correctly understand and follow our Creator's Calendar – yet this is what believers have relied on for thousands of years. Wouldn't it make perfect sense that our **Creator's Calendar** is and has always been operating on **fixed [UN]changeable cycles?**

Scripture is clear – our **Creator's Word DOESN'T CHANGE** – His Word **remains the same yesterday, today and tomorrow** (**Ps 119:89,160; Isa 40:8; 1Pe 1:23,25; Heb 13:8**). Our Hebrew Mashiach (Messiah), Who is the living Word, also remains the same. If our Creator and His Word haven't changed, **would His Calendar have changed over the years? – is a question worth asking, researching and studying.**

If a **daily cycle** of **24 hours** and a **weekly cycle** of **seven (7) days never changed since Creation** (as the majority believe who observe the weekly Sabbath – on the same day each week), and if the **four (4) season's remain the same year-in-and-out**, wouldn't it make perfect sense that the **monthly** and **yearly cycle's** also remained **fixed** since Creation? This is what this study is all about – **testing the Scriptural Calendar against Scripture, and Scripture ALONE!**

One important thing that we also NEED to take in consideration in observing our Creator's Calendar is that the **Yisraelite's very often made them guilty of following the [pagan] traditions of the gentile nations** around them by **worshipping the creation, RATHER than the Creator.**

ELohim (The Almighty) gave us a WARNING in Deut 4, because He knew humanity's STRONG tendencies would be to want to worship what they could see, whether it was a likeness of the true EL, or of any creature.

Deut 4:19 and lest you lift up your eyes to the heavens, and shall see the sun, and the moon, and the stars – all the host of the heavens – and you be **drawn away into bowing down to them and serving them**, which **יהוָה** (YHUH) your Elohim has allotted to all the peoples under all the heavens.

Acts 7:41-42 “And they **made a calf** in those days, and **brought an offering to the idol**, and were rejoicing in the works of their own hands. “So **Elohim turned and gave them up to worship the host of the heaven**, as it has been written in the book of the Prophets, ‘Did you bring slaughtered beasts and offerings unto Me during forty years in the wilderness, O house of Yisra'el?’

Hanok and the Scriptural Calendar

Allow me to start with the following portion of verses from Hanok, chapter 82.

82:1 Now, Methuselah, my son, I shall recount all these things to you and write them down for you. I have revealed to you, and given you the book concerning all these things. Preserve, my son, the book from your father's hands in order that you may **pass it to the generations of the world**.

82:2 I have given wisdom to you, to your children, and to those who shall become your children in order that they may pass it in turn to their own children and to the generations that are [discerning].

82:3 All the wise ones shall give praise, and wisdom shall dwell upon your consciousness; they shall not slumber but be thinking; they shall cause their ears to listen in order that they may learn this wisdom; and it shall please those who feast on it more than good food.

INTRODUCTION to the Scriptural Calendar

72:1 The Book of the Itinerary of the Luminaries of Heaven: the position of each and every one, in respect to their ranks, in respect to their authorities, and in respect to their seasons; each one according to their names and their places of origin and according to their months, which Uriel, the kodesh (set-apart) malak (messenger) who was with me, and who also is their guide, showed me – just as he showed me all their treatises and the nature of the years of the world unto eternity, till the new creation which abides forever is created.

72:2 This is the first commandment of the luminaries: The sun is a luminary whose egress is an opening of heaven, which is located in the direction of the east, and whose ingress is another opening of heaven, located in the west.

72:3 I saw six openings through which the sun rises and six openings (12 in total) through which it sets. The moon also rises and sets through the same openings (12 in total), and they are guided by the stars; together with those whom they lead, they are six in the east and six; in the west heaven. (**Please NOTE 12 openings in total**)

72:7 By this fourth gate through which the sun rises during the first month there are twelve (12) open windows from which a flame flows, when they are opened at the appropriate time. (**Please NOTE 12 windows in total**)

72:8 When the sun rises in the east in the sky, it goes out through this fourth gate for thirty mornings (30) and descends faithfully through the fourth gate in the western sky.

72:11 The sun rises from that fourth eastern gate and sets in the fourth western one, and then it turns and comes into the fifth gate of the east for thirty days (30), through which it rises, and sets in the fifth gate.

72:13 It then returns to the east and comes into the sixth gate, rising and setting through that sixth gate for thirty one days (31), according to the principle of the gate.

The above cycle comprises 30 days x 2 consecutive months, with 31 days in the third month (thus 91 days in total), which includes 1 intercalary day that is included in the reckoning of the number of fixed days every year (see following verses to confirm this).

The following verses **CONFIRM the SAME PATTERN (CYCLE)** as we saw above (**2 months x 30 days and 1 month x 31 days, equaling 91 days**) . . .

72:15 Then the sun is raised in such a way that its duration shortens and night occurs; the sun returns to the east and enters the sixth gate, rising and setting through it for thirty days (30).

72:17 Then the sun, leaving the west by that sixth gate and going to the east, rises through the fifth gate for thirty mornings (30) and sets again in the fifth gate in the west.

72:19 Then the sun, departing from that fifth gate and setting in the fifth gate, in the west, rises in the fourth gate for thirty one days (31) according to the principle of the gate, and sets in the west.

The following verses **ALSO CONFIRM** the **SAME PATTERN/CYCLE** as we saw in the first two above (**2 months x 30 days and 1 month x 31 days, equaling 91 days**) . . .

72:21 Then the sun, departing from that gate and setting in the west, returns to the east and comes out through the third gate for thirty days (30), and sets in the third gate in the west.

72:23 Then the sun, departing from that third gate in the west and returning to the east, comes out through the second gate in the east for thirty days (30), and in the same manner it sets through the second gate in the western sky.

72:25 Then the sun, departing on that day from that second gate and setting in the west in the second gate, returns to the east and rises in the first gate for thirty one days (31), and sets on that day in the western sky.

The following verses **CONTINUE to CONFIRM** the **SAME PATTERN/CYCLE** as we saw in the three above (**2 months x 30 days & 1 month x 31 days, totaling 91 days**).

72:27 Thus the sun completes its appearances, and goes through those same cycles of appearances a second time, coming out through all the openings for thirty days (30) and setting also in the west opposite to it.

72:29 Then the sun, returning and entering the second gate which is in the east, resumes its appearances for thirty mornings (30), rising and setting as usual.

72:31 On that day the sun, departing from this second gate and setting in the west, returns to the east and rises through the third gate for thirty one days (31), and sets in the western sky.

The annual/yearly FIXED cycle is thus summarized as follow:

First cycle of 3 months (1st season) equals 91 days, consisting of 3 months x 30 days, plus 1 intercalary day in the third month.

Second cycle of 3 months (2nd season) also equals 91 days, consisting of 3 months x 30 days, plus 1 intercalary day in the third month.

Third cycle of 3 months (3rd season) also equals 91 days, consisting of 3 months x 30 days, plus 1 intercalary day in the third month.

Forth cycle of 3 months (4th season) also equals 91 days, consisting of 3 months x 30 days, plus 1 intercalary day in the third month.

CONFIRMED by the following verse – re-affirming the exact number of fixed days every year.

72:32 On that day the night shortens and becomes nine parts and the day nine parts. Then the night becomes equal with the day, and the days of the year add up to exactly three hundred sixty four days (364 [91 days x 4 seasons]).

**The SUN (& stars) is used to determine the completion of each year
(The moon's cycles will also be shared and is distinctly and precisely CONNECTED to the sun and stars) . . .**

74:12 They (**sun and stars**) bring about all the years punctiliously, so that they forever neither gain upon nor fall behind their fixed positions for a single day, but they convert the year with punctilious justice into three hundred sixty four days (364).

74:17 In this way the years are completed with precision, in accordance with their fixed positions in the universe and the fixed stations of the **sun** which shine, the gate through which it the **sun** rises and sets for thirty days.

The [Three Hundred and Sixty Four Fixed Stations] of the Cosmos

75:1 The leaders of the chiefs of the thousands, which are appointed over the whole creation and upon all the stars, are counted together with the four leaders of the seasons; they do not leave from the fixed stations according to the reckoning of the year; and they render service on the four days which are not counted in the reckoning of the year.

75:2 On this account, **people err in them (are in error)**, for those luminaries scrupulously render service to the fixed positions in the cosmos, one in the first gate of heaven, one in the third, one in the fourth, one in the fifth, and one in the sixth. In this manner the year is completed scrupulously in **three hundred and sixty four (364) fixed stations** of the cosmos.

75:4 Likewise Uriel showed me twelve (12) wide openings in the sky, along the course of the chariots of the sun, from which the rays of the sun break out and from which heat is diffused upon the earth, when they are opened during the designated seasons.

The twelve winds and their gates

76:1 And I saw the twelve wide openings in all the directions through which the winds come out and blow over the earth.

SIGNIFICANCE of the number 12 in governing the luminaries

12 openings

12 windows

12 winds

12 gates

Also bear in mind the significance of the 12 tribes of Yisra'el and the 12 gates and 12 messengers at these gates of the set-apart city Yerushalayim (**Rev 21:12 onwards**).

See teaching below to CONFIRM that there is **NO 13th month in a calendar year**, as many ministries and believers teach and believe. They **add a thirteenth month** to the fixed 12 months cycle every 3-4 years (to align the Appointed Times).

[http://www.renewedminds2purehearts.com/uploads/5/8/3/6/5836053/12 months of year.pdf](http://www.renewedminds2purehearts.com/uploads/5/8/3/6/5836053/12_months_of_year.pdf)

The four days CONFIRMED

82:4 Blessed are all the righteous ones; blessed are those who walk in the street of righteousness and have no sin like the sinners in the computation of the days in which the sun goes its course in the sky. It the sun comes in through a door and rises for thirty days together with the chiefs of the thousands of the orders of the stars, together with the four which are added to determine the intervals within the year, that is, the intervals between the four seasons of the year; those that lead them along come in on four days.

82:6 Truly, they are recorded forever: one in the first gate, one in the third, one in the fourth, and one in the sixth. The year is completed in three hundred and sixty four days.

82:7 True is the matter of the exact computation of that which has been recorded; for Uriel, whom YAHUAH of all the creation of the world has ordered for me in order to explain the host of heaven, has revealed to me and breathed over me concerning the luminaries, the months, the festivals, the years, and the days.

82:8 He has the power in the heaven, both day and night so that HE may cause the light to shine over the people; sun, moon, and stars, and all the principalities of the heaven which revolve in their respective circuits.

82:9 These are the orders of the stars which set in their respective places, seasons, festivals and months.

82:11 The four leaders which distinguish the four seasons (making up the four intercalary days) of the year enter first; after them enter the twelve leaders of the orders which distinguish the months; and the three hundred and sixty captains which divide the days and the four epagomenal days, and leaders which divide the four seasons of the year.

To CONCLUDE

Just as every day has 24 hours, every week has a FIXED cycle of ONLY seven [7] days – so too every month has a fixed cycle of thirty [30] days and every year a fixed cycle of twelve [12] months and three hundred and sixty four [364] days.

(12 months in a year, comprising 30 days a month, equaling 360 days a year, PLUS the 4 intercalary (epagomenal) days, totaling a FIXED 364 days every year – WITHOUT change).

WHEN are the YEAR COMPLETED and the New Year start?

In the above study from the Book of Hanok, we CLEARLY determined that the SUN and the stars bring in the years accurately – NOT the moon as we have been erroneously taught for centuries.

Hanok 72:32 On that day the NIGHT decreases and amounts to nine parts, and the DAY to nine parts, and the NIGHT is EQUAL to the DAY and the YEAR is EXACTLY as to its days three hundred and sixty-four (364).

WHEN is the night equal to the day during the reckoning of the year?

There are two equinoxes every year – in Gregorian [March] and [September] – when the sun shines directly on the equator and the length of day and night is nearly equal. On the equinox, night and day are nearly exactly the same lengths – 12 hours – all over the world. This is the reason it's called an "equinox", derived from Latin, meaning "equal". <https://en.wikipedia.org/wiki/Equinox>

Thus the New Scriptural Year should start at around the (March) Equinox.

The BOOK of YOBELIM (Jubilees)

[This Book CONFIRMS the “Genesis Creation account”, as well as what the Book of Hanok (Enoch) teaches pertaining to the Scriptural Calendar].

Background

Between 1947 and 1956, approximately **15 Yobelim scrolls** were found in five (5) caves at Qumran among what are known as the **Dead Sea Scrolls**, all written in **Hebrew**.

The Book of Jubilees is considered canonical by the Ethiopian Orthodox Church, as well as Jews in Ethiopia, where it is known as the Book of Division. A comparison of the Dead Sea Scrolls with the Ethiopic version found that the Ethiopic was in MOST respects an **ACCURATE** and **REALISTIC** translation.

BOTH the books of **Hanok** and **Yobelim (Jubilees)** among others have been RESTORED to Scripture in the Eth Cepher (comprising all original 87 books of Scripture).

Chapter 2 of Jubilees

8 And on the fourth day He created the **sun** and the **moon** and the **stars**, and placed them in the expanse of the shamayim (heaven), to give **LIGHT** upon all the earth, and to rule over the **day** and the **night**, and divide the light from the darkness.

9 And Elohim APPOINTED the [sun] to be a **GREAT SIGN** on the earth for **DAYS** and for **Shabbathoth** (Sabbaths) and for **MONTHS** and for **FESTIVALS** and for **YEARS** and for **Shabbathoth of years** and for **Yobelim** (Jubilees) and for **ALL SEASONS** of the years.

10 And it divides the **LIGHT** from the darkness for GOOD, that **all matters may thrive** sprout and **grow on the earth**.

IMPORTANT to NOTE

- When Elohim created the luminaries, the **sun** is always mentioned first, BEFORE the moon and stars, confirming the **Bereshith** account of creation (**Gen 1:16-18**). **Let us take this fact in account**. It is mentioned for a reason.
- The **sun** is the great sign for **DAYS, SABBATHS, MONTHS, FESTIVALS** and **YEARS**, and for **ALL SEASONS** of the years. This confirms the **Bereshith (Gen)** account of creation (**Gen 1:16**) mentioning the sun first and referring to it as the greater light, and confirms what the book of **Hanok (Enoch)** teaches about ASTRONOMY (**Hanok 72:2-37**).
- In the “Creation account” of **Yobelim (just as Bereshith)** DAY is mentioned FIRST and then night (NOT night first and then day), CONFIRMING what the book of **Hanok** teaches (**Hanok 75:3**) – **DAY comes BEFORE night**.
- BOTH the books of **Hanok and Yobelim** CONFIRM that the **sun** brings-in the **years** and is the **SIGN** given to mankind to **determine the years, months and days, and for all seasons of the year**.

Please also READ and STUDY my teaching about the **6 days of creation** to CONFIRM all that I have shared in this study thus far . . .

http://www.renewedminds2purehearts.com/uploads/5/8/3/6/5836053/scriptural_year.pdf

In saying all the above, it is **IMPORTANT to UNDERSTAND** that the **sun** and **moon** (and **stars**) are ALL distinctly CONNECTED and ALIGNED every year to CONFIRM the Scriptural Calendar. There is thus an undeniable connection between the **sun** and **moon** that we cannot and should not ignore or disregard!

The book of Hanok also describes the moon's cycles every year

73:1 After I saw this set of regulations for the sun I saw another set of regulations concerning the minor luminary whose name is **moon**.

73:3 It's coming out and it's going in change every month. It's days are like the days of the sun; and when its light becomes evenly distributed then it amounts to one seventh of the light of the sun.

74:1 Furthermore, I saw another system of rotation with its own regulation whereby the system fulfills its monthly course of movement.

74:9 This is how I saw their **fixed positions** - how the moon rises and shines when the sun sets - in those days.

74:10 If five years are combined the sun gains fifty extra days (**10 days every year**); consequently one of those five years gains, and when it is completed, it turns out to be **three hundred sixty four days (364)**.

74:11 The gain of the sun and of the stars turns out to be **ten days** (every year) in three years, ten days every year add up to **thirty days**; and the moon falls behind the sun and the stars for thirty days.

74:12 They bring about all the years **punctiliously**, so that they forever neither gain upon nor fall behind their **fixed** positions for a single day, but they convert the year with **punctilious** justice into **three hundred sixty four days**.

74:17 In this way the years are completed with **precision**, in accordance with their **fixed** positions in the universe and the **fixed** stations of the sun which shine, the gate through which it the sun rises and sets for **thirty days** (**x 12 months + 4 intercalary days = 364 days a year**).

78:13 These illuminations are completed with **exactitude** on the day when the **sun descends into the west** and the **moon simultaneously rises in the east** in the evening, shining during the night until the sun rises opposite it, and it is over against the sun.

78:15 The **moon coordinates**, in respect to its **days and seasons**, four **three month divisions** (same as the sun). In the course of its recession it makes **three months** each in **thirty days** (30) and **three months** each in **twenty nine days** (29); during this season it makes its recession, in the first period, starting in the first gate, in **one hundred and seventy seven days** (**177 days every 6 months + 177 days for another 6 months = 354 days** every year [which equals **10 days** a year **behind the sun and stars** as chapter 74 clearly teaches]).

78:16 In the course of its progression, it appears **three months each in thirty days** and **three months each in twenty nine days**.

79:5 The **moon falls behind the sun** according to the order of the stars exactly **five days** during **one period** (i.e. in one half year or 6 months = 177 days, again confirming chapters 74 and 78), and when the place which you behold has been traversed.

79:6 Such is the appearance and the picture of **all the luminaries** which **Uriel** the chief malak (messenger), who is their leader, showed unto me.

See the **chart on the next page I designed** to illustrate a **FIXED yearly (annual) cycle** according to the **Scriptures I have shared** in this study . . .

Please **NOTE** that a **Scriptural Year** (SY) has a **fixed 12 months, 52 weeks and 364 days** cycle – since creation.

Day 1 of a New Scriptural Year (NSY) will always begin on **day 4** (of a **fixed 7day weekly cycle**, as the sun, moon and stars were created on day 4).

Day 364 of the previous year is followed by **day 1** of the New Year (NY) – **no matter the actual Gregorian date**. The New Scriptural Year starts **AROUND** the (March) **Equinox** every year on day 4 of the week (no matter the actual Gregorian date), as this is when the **sun shines directly on the equator and the length of day and night is nearly equal – all over the world** (Hanok 72:32).

Many believers get confused because Scripture often refers to the **new moon** in reference to many events and/or happenings in Scripture.

The new moon that Scripture refers to simply refers to a **new MONTH or the first day of a new month**, and **not the new moon (the luminary) as such**.

This can be verified by the use of the Hebrew word **Qodesh (chodesh)** (**H2320**) ► **new moon**, by implication **a month**: - **month (-ly)**, - **the first day of the (new) month**.

- **New Year** starts on **Day 4** (every year)
This is the day that **אֱלֹהִים** (YHWH) created the **sun, moon and stars**. **ONLY the luminaries** are used to determine **signs, appointed times, days and years** (**Gen 1:14**)
- **Week (52)** of the old year, is also **week (1)** of the **New Year** (starts on **day 4**)
- Each week has a **fixed 7 days cycle**; each **month has 30 days**; **52 weeks a year & 364 days a year**
- There is an **Intercalary day** (change of seasons) **after every 3 months (or 90 days)**
- The **Sabbath-day** remains on a **fixed day of the week** – the **seventh day** (Gregorian sat-day)
http://www.renewedminds2purehearts.com/uploads/5/8/3/6/5836053/7th_day_of_week.pdf
- All the **Appointed Times** will be on a **fixed day(s)** every year
- **Months 1, 4, 7 and 10** will always start on **day 4** of the week
- **Months 2, 5, 8 and 11** will always start on **day 6** of the week
- **Months 3, 6, 9, and 12** will always start on **day 1** of the week
- **Pesach (Passover)** will always start on the **evening of day 3** (day 14 of month 1)
- **Unleavened Bread (Matzah)** will always start on **day 4** of the week
- **First Fruits (Bikkurim)** will always be on **day 19** of the first month
- **Shavu'ot (Pentecost)** will always be on **day 68** of the year
- **Yom Teruah (Trumpets)** will always start on **day 4** of the week
- **Yom Kippur (Atonement)** will always start on **day 5** of the week (**in the evening**)
- **Sukkot (Tabernacles)** will always **start and end on day 4** of the week
- **Unleavened Bread, Yom Teruah and Sukkot** all start on **day 4** of the week
- **First Fruits and Shavu'ot** will always start on **day 1** of the week
- **The Calendar** is **FIXED** every year and **doesn't change**. **No person can alter its fixed patterns**
- NOTE that there are exactly **12 weeks** between months in columns of days numbered 1; 4 and 6

Scriptural Appointed Time Dates (for **Gregorian 2017**), confirmed by Scripture.

The **Scriptural/Annual Year** starts on the **fourth day of the week** – every year.

The **fourth day** of the week (around the time of the (March) Equinox) is . . .

Gregorian 22 Mar 2017.

22 Mar 2017 will thus be the **start of the next Scriptural Year** (or **Gregorian 2017**).

Month 1 = 22 Mar - 20 Apr (30 days)

Month 2 = 21 Apr - 20 May (30 days)

Month 3 = 21 May - 20 Jun (31 days) includes 1 intercalary day

Month 4 = 21 Jun - 20 Jul (30 days)

Month 5 = 21 Jul - 19 Aug (30 days)

Month 6 = 20 Aug - 19 Sep (31 days) includes 1 intercalary day

Month 7 = 20 Sep - 19 Oct (30 days)

Month 8 = 20 Oct - 18 Nov (30 days)

Month 9 = 19 Nov - 19 Dec (31 days) includes 1 intercalary day

Month 10 = 20 Dec - 18 Jan (30 days)

Month 11 = 19 Jan - 17 Feb (30 days)

Month 12 = 18 Feb - 20 Mar (31 days) includes 1 intercalary day

The year is completed in EXACTLY 364 days – EVERY YEAR since creation!

Day 1 of Month 1 of the NEXT Scriptural Year will thus commence on 21 Mar 2018.

Appointed Time Dates (for Gregorian 2017)

Pesach Passover	Matzah Unleavened Bread	Bikkurim First Fruits	Shavu'ot Pentecost	Yom Teruah Trumpets	Yom Kippur Atonement	Sukkot Tabernacles
14 th day of first month	15 th day of first month	Morrow after the Sabbath	7 completed Sabbaths and 50 days after Bikkurim	1 st day of seventh month	10 th day of seventh month	15 th day of seventh month

<i>Between evenings Between 04th & 05th Apr</i>					<i>Start on evening of the 9th day 28 Sept</i>	
	Sabbath day Days 1 & 7		Sabbath day	Sabbath day	Sabbath day Fast/Prayer	Sabbath day Days 1 & 8
04 Apr	05 – 11 Apr	09 Apr	28 May	20 Sept	29 Sept	04 – 11 Oct

Debarim (Deut) 17:11

“Do according to the Torah in which they teach you, according to the right-ruling which they say to you. You do not turn to the right or to the left from the word which they declare to you”.

Tehillim (Psa) 119:78

Let the proud be put to shame, For with lies they perverted me; [But] I study Your orders.

Tehillim (Psa) 119:97

O how I love Your Torah! It is my study all day long.

Dani'el 9:13

“As it is written in the Torah of Mosheh, all this evil has come upon us, and we have not entreated the face of יהוה (YHUH) our Elohim, to turn back from our crookednesses, and to study Your truth.

Yirmeyahu (Jer) 17:5,7

Thus said יהוה (YHUH), “Cursed is the man who trusts in man and makes flesh his arm, and whose heart turns away from יהוה (YHUH). “Blessed is the man who trusts in יהוה (YHUH), and whose trust is יהוה (YHUH)”.

Mattityahu (Matt) 23:8

“But you, do not be called ‘Rabbi,’ for One is your Teacher, the Messiah, and you are all brothers.

Yohanan (Joh) 14:26

“But the Helper, the Set-apart Spirit, whom the Father shall send in [My Name], He shall teach you all, and remind you of all that I (Messiah) said to you”.
